

To Relieve Inflation

Eisenhower Says It May Be Necessary to Slow Spending on Projects

President Orders Review of Budget; Suffers Temporary Hearing Difficulty

WASHINGTON (AP) — President Eisenhower said today it might be necessary to slow up federal spending on some projects in order to relieve inflationary pressures.

In his first news conference since Feb. 6, Mr. Eisenhower said he has ordered an intensive review of the budget to determine whether spending for certain projects could be slowed down to achieve a budget cut for fiscal 1958.

He did not identify the projects. His budget for fiscal 1958 calls for spending \$71.8 billion.

Mr. Eisenhower said he did not anticipate being able to make any substantial cut which would cause material reduction of federal services or in any way affect the defense and national security of the nation.

Mr. Eisenhower, coughing repeatedly, told reporters he was suffering today from a temporary difficulty with his hearing.

Says Cough is Better

Frequently during the conference he asked reporters to speak louder and more distinctly.

He said he is feeling well and that actually his cough, which has hung on since inauguration, is better. But he said he now has developed a cold in the head which has affected his hearing.

He had plugs of cotton or gauze in each ear and his voice had a husky tone.

He said that, in view of the Middle East situation and the absence from the country of Secretary of State John Foster Dulles and Vice

Issue Two Oil Drilling Permits

Drilling permits have been issued at Springfield for two Saline county oil well operations.

They are:

To Robison Oil Co., Chicago, for the G. Miller No. 1, NE 1/4 SW 1/4, 20-75-66 Long Branch;

To W. W. Toler Drilling Corp., Clay City, for the W. D. Grisham No. 1, NE 1/4 SW 1/4, 26-75-66 (Long Branch).

President Richard M. Nixon, it would be awkward for him to go to Arizona now in an effort to lick his cough and cold.

Ready to Use Aqaba

Other news highlights at the conference:

—He does not think there can be any substantial cuts in foreign aid. His budget for fiscal 1958 calls for \$4.4 billion.

—He confirmed that he told King Saud of Saudi Arabia recently that Israel is here to stay as a nation. He said he has been consistent for years in his position that Israel is a historical fact and its problems must be dealt with like those of any other nation.

—He said the United States is prepared to use the Gulf of Aqaba and its gateway—the Straits of Tiran—as an open international waterway.

—He said the Middle East outlook is brighter, but there are still many problems which can come up.

—He said solution of preliminary phases of the difficulties between Egypt and Israel does not solve the underlying differences. The United Nations should direct its efforts toward these basic difficulties.

—There is no prospective federal vacancy in sight for Leonard W. Hall, former Republican national chairman. Mr. Eisenhower said that if he had a suitable post, no doubt Hall's name would come to mind. But there is nothing in the works at the present.

—The United States will continue to operate within the United Nations rather than attempting to stand on its own foreign policies and reducing American reliance on the U. N.

The President's discussion of federal spending came amid a growing move in Congress to slice the budget by several billion dollars. House Republican Leader Joseph W. Martin Jr. said earlier this week he thought as much as \$3 billion could be cut from the \$71.8 billion budget.

Mr. Eisenhower was reminded

Blonde Sentenced To Three Years for Cattle Rustling

TUNICA, Miss. (AP)—An attractive blonde today planned to appeal her conviction and sentence to three years in the state penitentiary on cattle-rustling charges.

An all-male jury deliberated one hour Wednesday, then found Alice Mills, 30, guilty of rustling cattle from a plantation where she worked.

Miss Mills was the only one of nine persons accused of operating a cattle theft ring to be brought to trial. Seven others pleaded guilty and will be sentenced later and one is still at large.

Hille Coleman, director of the Livestock Theft Bureau of the Mississippi Highway Patrol, said Miss Mills and the others stole 90 to 100 head of cattle from the Abbey-Leatherman plantation, where they worked.

GOP, Democrats Differ on Aid to Distress Areas

WASHINGTON (AP)—Senate Democrats and Republicans urged today that Congress approve legislation to help areas with chronic unemployment.

But, in testimony before the Senate Banking subcommittee, they differed on the scope of such a program.

The Democrats backed a bill calling for \$325 million in loans and grants to states and local communities, including rural areas.

The administration bill, sponsored by Sen. Edward Martin (R-Pa.), would authorize only \$50 million in loans and \$15 million in grants. Martin said it is "not a handout" measure but is "aimed at lasting improvement and not temporary relief."

"Federal assistance will depend upon active financial assistance by state and local groups," Martin said.

Sens. Joseph Clark (D-Pa.) and John F. Kennedy (D-Mass.) testified that the administration program was "very inadequate." Clark said the \$50 million figure was "laughable . . . far too little."

Clark also denied that the Democratic bill was a "give-away." He said the minimum needed, he said, to "apply in a concrete way the ethical precept that the fortunate have responsibility to help the less fortunate, especially when . . . the less fortunate are undertaking strenuously to help themselves."

Sen. John J. Sparkman (D-Ala.) suggested that a ceiling be put on the funds any one state could get under such a program. He also said it is important to include depressed rural areas.

Death Takes Mrs. Carrie Jones, Raleigh Resident

Mrs. Carrie Jones of Raleigh died at 1:15 p. m. yesterday in the Pearce hospital in Eldorado. She would have been 83 years of age today.

She was the widow of Ed Jones, who died seven years ago, but had he lived they would have observed their 66th wedding anniversary yesterday.

Surviving are the following children: Bert Jones of Raleigh, Mrs. Gertie Murray of Raleigh, John Jones of Chicago, Clyde of Alton, Roy of Raleigh, Mrs. Stella Cooper, Raleigh, Mrs. Genevieve Landrum, Raleigh, Orval of Waukegan, and Norman of Pontiac, Mich.; also two brothers, Clark Miller of Hanover, N. M., and Joe Miller of Centralia, and two sisters, Mrs. Jane Webber of Galatia, and Mrs. Mattie Smith of Raleigh; 31 grandchildren, 32 great grandchildren and one great great grandchild.

Funeral services will be Saturday at 2 p. m. at the Methodist church in Raleigh with Dr. Clark R. Yost officiating. Burial will be in the Masonic cemetery at Raleigh. The body lies in state at the Eldorado funeral home.

Seize Dice Tables At Club Near Cairo

CAIRO, Ill. (AP)—Two state police sergeants, making a routine inspection of night clubs for gambling, seized three dice tables at the El Patio Club near here Wednesday night.

Lt. Earl Pogue, commander of Du Quoin State Police District 13, said Sgts. Herbert Bramlet of Equality and Murray Stinson of Eldorado staged the impromptu raid.

School Group Asks Increase In State Aid

SPRINGFIELD (AP)—The School Problems Commission Wednesday asked an increase of 50 million dollars in the state aid to schools fund and indicated it would like still another 25 million dollars.

The commission presented to the Budgetary Commission a total budget request of \$289,283,741 for the coming two years, a total increase of \$56,951,891 over the current budget.

This included a proposed figure of \$251,350,000 for state school aid, an increase of \$50,273,150.

But School Commission Chairman Charles W. Clabaugh (R-Champaign) said this figure would be required just to maintain the state aid formula at the present rate which guarantees a state-local spending figure of \$200 per pupil per year.

He said the commission was also considering a boost in the formula which would cost another 25 million dollars.

State Building Fund

The budget request also included 14 million dollars for a state borrowing fund from which impoverished school districts could borrow for school construction. Clabaugh said he was confident of winning approval of this building fund, even though Gov. William G. Stratton vetoed such a proposal last legislative session.

He said many Illinois children were going to school in buildings which "if they were converted into sausage factories, the state would not let the kids' mothers work in them."

The budget request also included a boost from \$100 to \$200 per pupil per year the state aid allowance for junior colleges.

Other budget requests were \$6 million for school bus transportation, \$8 million for special education, \$1.4 million for vocational education, \$3.9 million for the Chicago Teachers College, and \$4.5 million for state junior colleges.

Peabody May Close 43 Mine

CHICAGO (AP)—Peabody Coal Co. may close its No. 43 mine near Harrisburg, Ill., late this month or early in April, a company official said today.

Louis Jewell, vice president and director of public relations, said that No. 43, not an important factor in overall company operations for several years, has been gradually worked out of coal deposits.

Jewell said that H. C. McCullom, manager of underground operations for the company, will inspect the mine within the next few weeks to see if operations should be halted.

Party Line Vote

House Committee Kills Democratic Bill For Investigation of Hodge Scandal

SPRINGFIELD (AP)—A Democratic-sponsored resolution for a House investigation of the Hodge scandal was killed by the House Executive Committee Wednesday with Republican leaders charging the proposal was politically inspired.

Majority Leader John W. Lewis Jr., Marshall, charged the proposed investigation was "political" and could accomplish nothing except to bring convicted State Auditor Orville E. Hodge back from prison to "have his picture taken in manacles."

Rep. Paul Simon (D-Troy) replied to Lewis that "the administration is afraid" of the proposed investigation.

The resolution was killed by a 23-13 vote along party lines.

The House Motor Vehicles Committee, meanwhile, set the stage for a knockdown floor fight over the controversial 1955 law requiring contour splash guards on trucks. The committee voted to recommend passage of two contradictory bills, one to repeal outright the 1955 law and another to

CIPS Announces Plans to Expand Facilities in Southern Illinois

Central Illinois Public Service Co. will spend \$22,000,000 in 1957 to expand its electric and gas facilities in central and southern Illinois, according to an announcement today by M. S. Luthringer, president, at Springfield.

The 1957 construction is a continuation of a long range expansion program which began several years ago, it was said, to meet the anticipated future requirements for electricity and gas in the company's service area. CIPS serves 515 communities with electricity and 21 with gas.

Much of the 1957 construction will be devoted to extending high voltage transmission lines, and to building or increasing the capacity of transmission and distribution lines, substations and other facilities.

The 1957 construction program includes:

NEW HAVEN—Construct a 69 KV transmission line and a 12.5 KV feeder line to serve oil field customers in the New Haven and Ridgway areas, which is in the Harrisburg group.

CRAB ORCHARD—Convert Crab Orchard substation 69/34.5 KV substation to 138/34.5 KV to make available an additional supply of electricity to the area.

This line delivers the heavy mine load and continues to Muddy, William Hopkins, Harrisburg CIP manager, stated this increase will furnish an additional feed into Harrisburg.

ORDILL—Install 30,000 KVA, 138/34.5 KV substation to provide capacity for an increasing load in

ordnance plant area, and construct necessary line to serve a major industrial customer.

GRAND TOWER POWER STATION—Complete installation of 100,000 kilowatt generating unit to increase station's capacity to 225,000 kilowatts.

The increase at Grand Tower will furnish plenty of surplus power to the Muddy station.

MARION—Construct 1 1/2 miles of 34.5 KV transmission line from existing Marion substation to a point near southwest corner of city limits and install a 3000 KVA, 34.5 KV/4.16 KV substation and feeder circuits to provide additional capacity for anticipated increased load.

The program, which will bring CIPS' total investment to more than \$237,000,000, includes completion of a new 100,000 kilowatt steam generating unit at CIPS' Grand Tower station. Operation of the Grand Tower unit is expected to begin in December. It will consume more than a quarter of a million tons of coal a year.

Other projects include extension of the company's microwave communication system and installation of radio communication facilities in field offices and mobile equipment.

CIPS' customers have doubled their use of electricity since 1950, according to studies made by the company. They consumed more than 2,325,000,000 kilowatt hours in 1956. Company officials foresee customer usage of almost three billion kilowatt hours by 1960.

Apply for Absentee Ballots at Office Of Township Clerk

Persons desiring to vote absentee in person or to apply for absentee ballot by mail for the Harrisburg township election April 2 may do so at the office of Township Clerk Zola Sloan, 221 South Main street.

Mrs. Sloan said persons may vote absentee ballots in person through March 30 and can apply for ballot by mail through March 28.

Mrs. Almeda Trammel of Dorris Heights Dies

Mrs. Almeda Trammel, 78, of Dorris Heights, died at 9:30 a. m. today at the Harrisburg hospital where she had only been a day and a half. She was in good health Monday when she became ill with a heart condition.

She was the widow of Oliver Trammel who died in 1947. She was born in Pope county June 8, 1878, the daughter of Burton and Martha Barger.

Surviving are two children: Omar Trammel and Mrs. Pearl Conrad, both of Harrisburg; 10 grandchildren and six great-grandchildren; three brothers, Arthur Barger, Enfield, Claude of Del-

wood and Erastus Barger of Edenville, and one sister, Mrs. Carrie Randolph of Harrisburg.

A son, Bert Trammel, died in 1954.

Mrs. Trammel was a member of the Dorris Heights Methodist church.

The body will lie in state at the Harrisburg funeral chapel and funeral plans will be announced later.

Humane Ass'n Field Representative Inspects Shelter Here

James Jack Jr., field representative of the American Humane association out of the AHA national headquarters at Denver, was in Harrisburg yesterday inspecting the animal shelter of the Harrisburg Humane society.

He advised with local officials on the problem of how facilities could be expanded to take care of an ever-increasing number of animals coming in to the local shelter.

Until a short time ago Mr. Jack was the AHA representative in Hollywood, Calif., where he supervised the use of animals in the movie and television industry.

Companion bill would tighten up the legal requirements for fathers to support their illegitimate children and set up new eligibility requirements for receiving public aid.

Other bills introduced would: Increase the salary scales of county and probate judges as much as \$2,000 a year with the aim of making it unnecessary for them to have outside law practice.

Prohibit hitchhiking and picking up hitchhikers.

Tender Sinks After Explosion; Channel Blocked

Captain of Sunken Ship Included Among the Missing

NEW CASTLE, Del. (AP)—A U. S. Navy gasoline tender and a Liberian freighter collided at "The Graveyard of Ships" on the Delaware River today. Both ships immediately burst into flames with a terrific explosion.

Five hours later the tender Mission of San Francisco sank, blocking the main ship channel to Wilmington, Del., and Philadelphia. The freighter Elna II blazed for hours before the flames were brought under control by Coast Guard vessels and a Philadelphia fire boat. The Coast Guard reported that two-thirds of the channel had been cleared and ships were passing through one at a time "with caution."

The Coast Guard reported 59 survivors and listed an estimated 9 missing, all of them from the Mission carried 45 men and the Elna 23. Among the missing was the Mission's captain, William Allen of Houston, Tex.

The Mission did not carry a pilot because Allen was licensed for the Delaware River. The only firefighting equipment aboard the Elna was a garden hose, one of the survivors told the United Press.

Both vessels exploded in a sheet of flame upon impact, rocking homes on both sides of the river and awakening persons as far away as Maryland.

Flames and Smoke

The Mission was nearly cut in two by the impact. The missing men, all of them believed to be ship's officers, were asleep in the general area of the point of impact. The mission is Navy-owned but operated by a civilian tanker corporation, and is manned by civilian Merchant Marine seamen.

Although the Coast Guard would not confirm that any of the missing were dead, Eugene McKenna, 33, Providence, R. I., said "Everybody in the middle of the ship must have been killed."

William Bausch, Miami, Fla., first assistant engineer of the Mission, said he was aroused from sleep by "a terrific explosion" which threw him from his bunk.

He said the passageway was "a mass of flames and smoke." Bausch said the collision cut the fire hoses and a few minutes later all surviving crewmen abandoned ship.

Alexander Karre, captain of the 4,500-ton Elna, said he was proceeding south on the river when the northbound tender failed to acknowledge a signal and cut across his bow.

Weather Hampers Rescue

The freighter slammed into the tender and Karre, 62, Toronto, Canada, said he was knocked unconscious. The bow of the Elna caved in.

Clothilda Jik, 55, Estonian, chief stewardess aboard the Elna, was pinned in her bunk momentarily by a piece of steel from the ship. She was not injured, however.

Rescue operations were hampered by the darkness. A light rain and a few traces of sleet and snow fell during the night. The weather cleared, however, with daylight.

Joseph Martell, 47, Fall River, Mass., lookout on the bow of the Mission, said he saw "the other ship coming. We gave a blast and the other ship answered with a bell. There was a crash, an explosion, and when I looked I saw the back of my ship on fire. The next thing I knew I was up to my knees in water."

The explosion was heard as far south as Maryland and rescue boats from the immediate area were dispatched to the scene immediately.

BIBLE THOUGHT FOR TODAY

What doth Jehovah require of
thee but to do justly. — Micah 6:3.
It is as simple as that. We can

Bait — Or Something More?

Editorial — BY BRUCE BLOSSAT
The March disarmament conference
in London under United Nations
auspices may see the United
States pay genuine attention to the
Soviet Union's latest proposal for
a troop pull-back from the Iron
Curtain.

The Russians suggest putting the
armies on both sides some 500
miles back.

Reportedly some Washington offi-
cials think the idea might have
some value now, despite all the
usual fears about Soviet intentions.

Evidently the big reason is the
cutback of NATO forces by Brit-
ain, France and others. Today's
defense line in Western Germany
is becoming less practical as these
elements are reduced in size.

There is some feeling, too, that
chances for a unified Germany
would be sharply improved if the
lines were moved back.

Whether or not we do choose to
discuss the Russian proposal at
London, it is clear that the West
cannot fundamentally relax its
guard against the Soviet Union.

The Russians still have by far
the largest land armies in Europe.
Without the backing of Britain,
France and America, the slowly
developing West German army
would be crunched underfoot by
the Red colossus. Western armies
poised far back hardly could be
counted on to halt or even brake
severely the momentum of huge
forces driving westward.

Nuclear weapons are another
story, but of course a two-edged
sword. Western military experts
still seem to prefer a strong hold-
ing operation by land forces as a
vital counter-move to a westward
attacking force.

The real trouble with Russia's
newest pull-back offer is the same
difficulty that has handicapped all
the others. It is not made by men
we have any reason to believe we
can trust.

The proposal came right in the
middle of one of the worst cam-
paigns against the United States
that Russia has carried on in a
long time. We have been branded
frankly as an "aggressor" and
charged with a variety of offenses.

Think back to 1955. That was
the year of the "summit meeting"
at Geneva, when the "Geneva spir-
it" was born and hopes for peace
ran higher.

Soon afterward, the Communist
arms deal with Egypt came to
light. And so it has always gone.

Russia never yet has consented
to perform those actions which
would stand as unqualified proof
that it is to be trusted in negotia-
tions for peace or anything else.

Until it does we had best hedge
carefully any proposals of our own
to collaborate in drawing back
European defense lines.

The WASHINGTON MERRY-GO-ROUND by DREW PEARSON

DREW PEARSON Says:
Amb. Byroade Admits Never
Heard Of Tunisian Prime Min-
ister; Fred Alger May Chal-
lenge Sen. McNamara In 1960;
New Chilean Envoy Once
Signed Pro-Axis Manifesto.

WASHINGTON. — The State De-
partment deftly censored it from
the record released to the press,
but Ambassador Henry Byroade
admitted to senators recently that
he never heard of one of Amer-
ica's best friends in the Middle
East, Prime Minister Bourguiba
of Tunisia.

Byroade was formerly assistant
secretary of state in charge of
Middle Eastern affairs, then am-
bassador to Egypt. He is sup-
posed to know everything about the
Middle East, and for that reason,
was flown from his new post in
South Africa to testify before the
Senate Foreign Relations-Armed
Services committee on President
Eisenhower's Middle East Doc-
trine.

Sen. Hubert Humphrey, Minne-
sota Democrat, asked the ques-
tion about Prime Minister Bour-
guiba. But Byroade didn't know
who he was.

"You were assistant secretary
of state for Near Eastern, South
Asian, and African Affairs, were
you not?" asked Humphrey in-
credulously.

"Yes sir," said Byroade.
"You mean to tell this commit-
tee you don't know of Prime Min-
ister Bourguiba?" snapped the
senator.

Byroade acknowledged that he
had not heard of Bourguiba.
"I cannot understand it," Hum-
phrey shook his head. "He is one
of the most prominent leaders
and one of this country's best
friends in the area that was under
your jurisdiction."

Byroade's amazing confession
was made behind closed doors.
Before the transcript was made
public, the State Department
carefully censored this telltale ad-
mission out of the record.

MERRY-GO-ROUND

When Ike heard that John Fos-
ter Dulles had delayed 10 days
without answering a letter from
Sen. Lyndon Johnson on Israeli
sanctions, he bawled Dulles out as
a Marine Corps sergeant dressed
down a Parris Island recruit.
That was why Dulles so hastily
sent a reply by hand to Johnson
and leaked to the press the fact
that the letter was en route.
Johnson in turn was so irked at
the delay he went off to the Sen-
ate gym for a workout, refused to
receive the letter. . . . Senator
Neuberger of Oregon, in his news-
letter to constituents, told how
Ike ordered champagne bottles
kept under the table at the in-
auguration, then added: "Alfred
E. Smith was wet and unashamed."

Herbert Hoover was dry and
proud of it. . . . Metro-Goldwyn-
Mayer now has on its board of di-
rectors Louis Johnson, ex-secre-
tary of defense; John Sullivan,
ex-secretary of the Navy; and
Frank Pace, ex-secretary of the
Army. Wonder if they're making
movies or going to fight? . . .
Dave Beck, now ducking a Senate
subpoena in Europe, is supposed
to set an example to students and
educators in Washington state.
He's chairman of the trustees of
the University of Washington. . . .
Ike's new secretary of the Navy is
a trustee of the University of
Pennsylvania. As he was being
promoted, the ex-president of the
University of Pennsylvania was
being demoted. Harold Stassen
was required to put his disarma-
ment activities under the jealous,

sometimes bungling aegis of John
Foster Dulles.

BURN-UP ENVOY

Transatlantic cables burned
when this column announced that
Freddy Alger, fired as U. S. am-
bassador to Belgium, was sore at
Postmaster General Summerfield
for his retirement and was com-
ing back to upset Summerfield's
political hold on Michigan.

The truth is that Alger, a good
campaigner, came within a few
thousand votes of defeating popu-
lar Gov. "Soapy" Williams in
1952 and Summerfield, plus
friends, was worried that Freddy
might run against Homer Fergu-
son in the GOP primary in 1954
and beat him. To protect Fergu-
son it was arranged to make Alger
ambassador to Belgium.

Irony was that Fergusson got
beat anyway — by a Democrat.
Big Pat McNamara of Detroit
took him to the cleaners and has
been one of the most outspoken
members of the Senate since.

Now that Fergusson is safely re-
tired for life to the Military Court
of Appeals, Freddy Alger has
served the purpose of his political
exile in Belgium and can come
home — even though he doesn't
want to. However, he's coming
home with blood in his eye at be-
ing ousted, and it may well be
that he'll run against Pat McNa-
mara in 1960.

Back in 1941 when the Japanese
air force bombed the backbone
of the U. S. Pacific Fleet to the
bottom of Pearl Harbor and a
good part of the world thought the
Axis was going to win, the U. S.
A. began looking around rather
anxiously for allies. To rally Lat-
in American support a conference
of foreign ministers was called by
our good friend Brazil about three
weeks after Pearl Harbor.

All the Latin American govern-
ments came to our defense and
signed a pact pledging support,
except two—Argentina and Chile.
In Chile a manifesto was signed
urging Chile not to cut ties with
Hitler and Mussolini. Though
Puga drew down lush legal fees
from various American firms, his
name was at the head of the list.

Now he comes to Washington as
ambassador, to win friends for
Chile.

MERRY-GO-ROUND

Pat Nixon, the Vice Presidents'
wife, is still trying to figure out
the identity of the tall, masked
man at the Louisiana State So-
ciety's Mardi Gras ball who grab-
bed her, danced with her, hugged
her tight and whispered: "I've
been wanting to do this for four
years, but the Secret Service has
been in the way." . . . Secretary
of Agriculture Benson, arriving
home the other evening, picked
up the afternoon paper from the
porch and stared in horror at the
headline: "Blight Destroys U. S.
Crops." After the shock had re-
gistered on his face, riotous laugh-
ter came from the house. His
children had pasted a phony
headline over the real headline.
. . . Benson's youngest daughter,
Beth, wanted a boxer pup, but fa-
ther was against it. He finally put
the matter up to the family for a
vote, and democracy triumphed.
The secretary of agriculture was
outvoted. The Bensons have the
pup.

(Written for NEA Service)

The weeks preceding Christmas
are a great contrast to the Lenten
season before Easter. We ap-
proach Christmas with joyous an-
ticipation. We prepare for the
anniversary of the Advent of
Christ with the knowledge that
love came into the world with
the birth of a babe in Bethlehem.
Lent bring back the memories
of hatred, of false accusation, of
disloyalty, of materialism, of suf-
fering, and of death on a cross.
All of us have sinned as did the
contemporaries of Christ. Now
we must take stock of ourselves.
We must not be guilty of abetting
those who would recrucify the
Master.
We must be aware of our
shortcomings and set a course
away from sin and toward God.

REVIVAL TO BEGIN
A revival will begin at Assem-
bly of God church, 415 South Mill
street, Sunday, March 10. The
pastors, Rev. and Mrs. Alfred
Trail, will be the evangelists. Special
singing each evening by the
Evangelists. Services begin at
7:30 p. m. Everyone is invited to
attend.

Explorer Scouts to Attend Citizens Conference at SIU

CARBONDALE, Ill. —Some 450 Explorer Scouts from the Egyptian Council have been invited to attend a "Citizens Now" conference on the Southern Illinois University campus March 23-25.

Originally scheduled last fall but postponed because of a housing emergency at SIU, the conference will feature special speakers, dozens of discussion sessions on teenage topics, campus tours, religious services and a dance.

James Jenkins, Carbondale, Air Explorers Squadron member and publicity chairman for the conference, said major sessions on "Citizenship in the Home," "Citizenship in the Community," and "The Final Challenge" will be held in Shryock Auditorium on Saturday and Sunday.

Speakers will be Dr. Paul M. Hoffman, chief academic adviser at SIU, "Citizenship in the Home"; Dr. John Barnes, assistant director of SIU's Community Development Department, "Citizenship in the Community"; and Dr. Paul Hunsinger, associate professor of speech, will present the "Final Challenge."

The Explorers themselves will conduct the group meetings in Old Main, covering such subjects as reckless driving, vandalism, religious freedom, use of the family car, education, dating, mutual understanding with parents, family activities, helping others and choosing leaders.

The Explorers will be welcomed by I. Clark Davis, SIU Dean of Men, in the 8 p. m. opening session Friday at University School gymnasium.

The Explorers will be housed in the new Thompson Point men's residence halls during the week end.

Contests for Offices at New and Old Shawneetown; None at Ridgway

The village election at Ridgway apparently will be quite an affair with no contests for any of the offices to be filled in the spring elections.

But in Shawneetown — both New and Old — there are more than one candidate for practically every office.

Candidates at Ridgway: for mayor, Tyler Gauen; for trustees, John Scherrer, Dr. John Doyle, Clyde Minor and Bill Luther; for clerk, Bill Drone; for police magistrate, Ray Rollman.

Gauen, Scherrer, Doyle and Drone are candidates for re-election. Mr. Minor is a candidate for the trustee position now held by Warren Jones, not a candidate.

Mr. Luther is running for the two-year unexpired term of Jack Holderby, deceased. Clarence Hall, the present police magistrate, is not a candidate for office.

Candidates at New Shawneetown: For mayor, Warren Mayhall and Richard February; for clerk, Fred Logsdon and Alvia Beane; for aldermen: First ward, Thomas Scherrer and Jim Wilson; second ward, Fred Caldwell and Luke Seaton; third ward, LaVerne Rutherford and Gilbert Drone; for police magistrate, Bobby Wright and Charles Mayhall.

Sam Deaton is the present mayor of Shawneetown and not a candidate for re-election. Mr. Logsdon is the present clerk and Mr. Caldwell is now alderman in the second ward.

Candidates at Old Shawneetown: For village president: C. L. "Pete" Clayton and Paul Steffen, incumbent;

For trustees: Marlin Burt, Warren Patton, Mora Oldham, Harry Clayton, Joe Chamberlain, James Hodge, George McClellon, Bill Holloway, Roy Nolen, Ben Scates and Howard Hayes. Six are to be elected and Clayton, Hodge, Nolen and Scates are incumbents;

For clerk: Winnie Chamberlain, incumbent;

For police magistrate: Harry Williams and Harry Sudoth. Tommy Lowe, present police magistrate, is not a candidate.

No Contests at Equality; to Vote On Cemetery Tax

There will be no contests in the village election at Equality to be held Tuesday, April 16, as only one slate of candidates have filed. All the candidates except one are running for re-election. Guy Malin, a trustee, is not a candidate.

The list of candidates: Philip DeVous, for president of the Village Board; Johnny Bennett, Joseph DeVous and Walter Moore, members of the board of trustees; Russell Moore, village clerk. Walter Moore is not a village officer at present.

Mr. Moore, village clerk, stated a proposition for a tax for the upkeep of the village cemetery would be voted on at the April 16 election. The tax rate to be voted on hasn't been determined, but will be sufficient to raise \$300 annually.

For many years the cemetery was virtual wilderness. Last spring a small group of people living near the cemetery started a clean up campaign and the idea spread until a majority of Equality's citizens had some part in the program, either by donating labor or money.

In addition to the labor, sufficient money was raised to purchase a large mower and various chemicals to kill out the underbrush.

Now the cemetery presents a fine appearance and the village officials hope to get approval to levy a tax to keep the cemetery in its fine present condition.

Trustees whose terms do not expire this year are T. Y. Williams Jr., Freeman Barnett and Edward Hine.

Attends Montgomery-Ward Sales Meetings

Mrs. Mary Trammel, manager of the Montgomery Ward Catalog store in this city, has returned from a two-day series of merchandise and sales meetings conducted in Chicago by Ward executives.

The meetings presented highlights of spring and summer merchandise which will be featured in sales, displays, promotions and employee contests in Montgomery-Ward catalog stores within the next few months.

In addition to numerous brochures, booklets and wrap-ups on merchandise, catalog store managers were presented with token sample gifts of perfume and a silver money clip.

Mrs. Trammel was one of approximately 70 store managers attending the meetings held in the Chicago mail order house on Feb. 20 and 21.

World Day of Prayer Service Friday Night

Worship services, sponsored by the United Church Women of Harrisburg, will observe the World Day of Prayer at the Charleston Street Church of God Friday, March 8, 7 p. m.

Mrs. Muriel Holland is chairman of the program, and Miss Beulah Lievers will preside. Both are members of the host church.

The program theme is "Who Shall Separate Us?" Rom. 8:35. Prelude will be "Flower on the Rain" by Mrs. Gladys Aldridge. Solo readers are Miss Alta Johnson, Bethel Methodist church, Miss Delores Fowler, General Baptist; Lieutenant Wallace, Salvation Army. Prayers will be by Mrs. Grace Hiller of the First Baptist and Mrs. Cordelia York of the Dorrisville Social Brethren.

Groups of singers will be from the First Christian church, Church of God and McKinley Avenue Baptist church. Soloist will be Mrs. Larry Barnhill.

The service, which will be used in 148 countries, was prepared by Mrs. Serena Vassady, a Hungarian woman who endured three months of siege in Budapest at the close of World War II, in a cellar without light, bread or water. Her husband, a college professor and a member of the Provisional committee of the World Council of Churches, was invited to the United States in 1948. For 20 months he toured the United States and Canada, speaking on the restoration of the Hungarian Protestant churches. After this he accepted a professorship at Princeton. Mrs. Vassady and the three children came here in 1947. They are now citizens of the United States.

Mrs. Vassady says her spiritual life began after that siege in Budapest. "Social ladies turned into Marys who saw the risen Lord and ran with breathless joy to tell that I could be there as one of their spiritual leaders, that the Lord granted me the strength to lecture, teach, speak, in short, to bear witness at a rate above normal human capacity, this I regard as the greatest gift of my life, and I count my life from then on."

She says of this worship service—"I did it in agony and prayer and reweaving every word. It is an enormous responsibility to speak for those whose lips are sealed. But our oneness in Christ."

15 Area Grocers, Davenport's Join In P&G Campaign

A 10c coupon on two large boxes or one giant or Kingsize box of Cheer is also being offered in today's Register.

Nine-Year-Old Girl Critically Burned

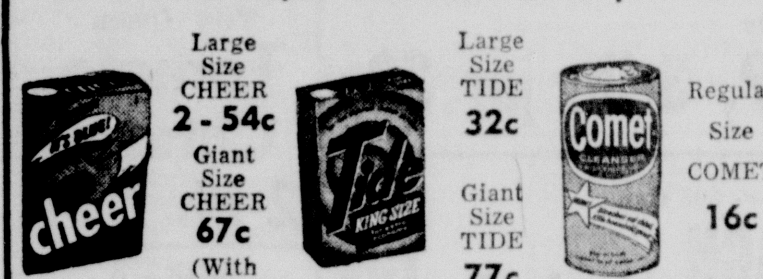

BUNKER HILL, Ill. (AP) — A 9-year-old girl was in critical condition today from third-degree burns following a fire that destroyed her home.

Lynn Ellen Hutton was carried to safety Wednesday by her brother, John, 37, who re-entered the burning home to find her. Fire broke out while the parents, Mr. and Mrs. Glen E. Hutton, were in East Alton. John awoke Lynn and a brother, Terry, 14, and told them to go down the stairway and out of the house. John jumped to the ground from a second-story porch. He re-entered the house when he found Terry alone outside. The girl was unconscious in the dining room.

The house burned to the ground. "We are being killed all the day long; we are regarded as sheep to be slaughtered. O Lord of History, how up to date these lines are! A daily schedule for tortured millions. "Yet their answer rings with a glorious boldness like that of Paul's two thousand years ago: Neither death nor life, nor principalities, nor powers—nor anything in creation will be able to separate us from the love of God in Christ Jesus our Lord."

New Egypt Threat UN Forces Take Over Control of Gaza as Israel Surrenders Authority

By United Press
Israel announced today it had surrendered authority in the Gaza Strip to the United Nations despite a growing threat that Egypt would demand control of the area.

Jerusalem Radio broadcast a proclamation by Col. Matityahu Peled, commander of Israeli forces in the Gaza Zone, turning over control to a U. N. police force in the first such action in history.

The bulk of the Israeli forces withdrew before dawn and only a handful of liaison troops remained to complete the last details. They are to be out before sundown.

In Cairo the semi-official Middle East News Agency quoted a U. N. official as saying U. N. forces would take over administrative control of civilian affairs in the Gaza Strip at 11 a. m. CST.

Evacuation of Sharm El Sheikh on the Gulf of Aqaba is set for Friday.

UNEF to Keep Order
The Israeli proclamation appealed to the 300,000 inhabitants of the Gaza Strip—200,000 of them refugees from Palestine — to remain calm and keep public order.

The proclamation said Israel had relinquished responsibility to the UNEF "alone" and said U. N. forces would keep order and organize a civil administration "with the purpose of ensuring peace or a final settlement for the Gaza Strip."

Officials in Gaza were discussing the formation of an international regime for Gaza.

U. N. and Israeli officers were meeting today in Lydda, Israel, to discuss an economic "link" with Israel. The U. N. wanted rail connections with Haifa to handle refugees and supplies.

A Jerusalem broadcast here in London said four civilians, including two Americans, had arrived in Gaza with the U. N. forces to work in the Gaza city administration. It mentioned no names.

The Israelis gave the U. N. custody Wednesday night of 300 Jewish commandos they had captured.

Gov. Stratton to Outline Highway Safety Program

SPRINGFIELD (AP) — Gov. William G. Stratton will spell out his highway safety program to a joint session of the Legislature next Tuesday.

In his inaugural address, Stratton said "unholy butchery" on the highways was the "most serious" problem facing Illinois and that he would deliver a detailed message on highway safety to the Legislature.

The governor will ask for an increase of at least 600 men in the present 600 man state police force and for a fixed speed limit law, probably of 45 miles an hour daytime and 35 miles at night.

Such a bill was defeated by the last General Assembly.

Fined

Roy Barger today pleaded guilty to a charge of driving while intoxicated when arraigned in county court. He was fined \$100 and his operator's license revoked.

BUFFALO GRASS

By Frank Gruber

Copyright 1956 by Frank Gruber. Distributed by NEA Service, Inc.

THE STORY: The first killing and first lynching take place in Pawnee City the day the first herd of Texas cattle arrives. Joe Jagger meets Artie Puffpuff, from whom he bought the land for the city, now the town drunkard. Joe tosses him a dollar but Artie loses it in the dust of the street.

Puffpuff was still sifting the dust through his fingers when Chad Morgan entered The Longhorn Saloon and said to the bartender, "There's an old man out in the street. He's on his hand and knees—"

"Old Puffpuff," said the bartender. "I threw him out of here an hour ago."

"Give him a bottle of whiskey," said Morgan.

The bartender frowned, hesitated. "Who's going to pay for it?" "Who owns this saloon?" asked Morgan coldly.

"Mr. Jagger," the bartender winced. "I guess you and Mr. Jagger—"

Morgan went outside and stood on the sidewalk a moment before turning right and going to a store on which was a sign: Jagger & Morgan, Real Estate. A wagon loaded high with furniture, boxes and barrels stood in front of the real-estate office and inside Morgan found a blond giant, a big-boned woman and two half-grown boys.

The clerk who took care of the office saw Morgan with relief. "Ah, Mr. Morgan. I didn't know what to tell this man. He says he wants to buy a farm and I told him we didn't exactly deal in farm lands."

"Why not?" asked Morgan. He turned to the farmer. "How big a farm did you have in mind?"

"I think maybe 80 acres," the farmer replied in a heavily accented tone. "If the price be right, maybe 160 acre."

"How much money have you got?" "I sell my farm in Wisconsin. I have only maybe \$5,000."

Morgan pursed up his lips. "To tell you the truth, Mr. ...?" "Turnboom, Axel Turnboom."

"Mr. Turnboom, I don't know if this is good farming land."

Axel Turnboom nodded. "I am hard worker. I make crop grow. My boys they big enough to help. I like buy farm."

"All right," said Morgan. "I'll sell you 160 acres." He hesitated. "You'll need money to put in your crops and maybe you'll have to dig a well or two to carry you through the summer. Suppose we say \$10 an acre."

The farmer showed surprise. "On'y \$10 acre?"

"Yes, we want good people around here."

A few minutes later he left the real-estate office. A Texas man sat easily on a horse by the hitch-rail.

"Hello, Morgan."

The man was Tom Alder. Morgan said, "Getting a little close to home, aren't you?"

Alder dismounted and tied his horse to the tie rail. "I'm all right in Kansas." He hesitated briefly. "Seems to me I heard somebody say you started this with \$25,000."

"We spent \$75,000."

Morgan, walking toward the hotel with bent head, was aware of a horse galloping swiftly behind him.

Then a voice yelled, "Hey—Yankee!"

Cass Simcoe, still wearing Levi's and a man's shirt, her hair only a little longer than it had been the previous fall in Texas, bounced down from her bronco.

Morgan chuckled. "Hi, Reb!" He extended his hand. She hesitated only briefly, then caught it. Her hand was small, but calloused. There was strength in the grip she gave him, in the way she clung to his hand.

"So you made it," Morgan said. "Well, what do you think of Kansas?"

She shot a swift look around.

Confirm Reports Of Major Iron Ore Strike in Missouri

NEW YORK (AP)—St. Joseph Lead Co. today confirmed reports of a major iron ore strike in Missouri and plans to develop the deposits in a joint deal with Bethlehem Steel Corp.

Andrew Fletcher, president of St. Joseph Lead, said the deposits were discovered "several years" ago and "recent drilling has been favorable."

The main ore bodies are about 40 miles northwest of Bonne Terre, Mo., he said, and one of these bodies, known locally as the Pea Ridge deposit has been drilled sufficiently to indicate "the probability of a very large tonnage of commercial grade iron ore."

Maroa turned the tables on 14th ranked Bloomington, 86-62, at Clinton as Bloomington was called for 39 fouls.

Another Big 12 team was eliminated at Westville as Georgetown beat Danville, 62-56.

Undeclared East St. Louis Lincoln notched its 27th win at Cahokia with a comparatively narrow 46-40 victory over Duplo.

West Frankfort shellacked Johnston City, 78-52, at Benton, and East Peoria clouted Delavan, 74-57.

The Carrier Mills, Eldorado and Cahokia of East St. Louis high schools are completing a three-way basketball schedule to be fulfilled over the next two seasons.

Carl Dillow, principal at CMCHS and former faculty member at Cahokia, states a schedule has been worked out for the 1957-58 season with the East St. Louis high school basketball team to play at Carrier Mills Friday, Jan. 10, 1958, and at Eldorado the following night.

The Cahokia team will headquarter in Harrisburg, midway point of the two scheduled games.

During the following season Eldorado and Carrier Mills will play at Cahokia on different week ends, but only a single game each.

Plans call for the Saline county schools to be in the St. Louis area when either the college St. Louis Billikins or the pro St. Louis Hawks are at home. The local area cagers will play a game one night and be spectators at college or pro ball the other night of the two-day trip.

Sounds good.

Mr. Dillow, in talking of the arrangements, said "I think there should be more to basketball than just a game. There should be some social aspects. It will be good for the players from all three teams to get into new communities and mix with the players, students and townspeople."

A tour, or some sort of a get-together for the Cahokia team will be arranged for their Saturday stay in Saline county.

The All-American Red Heads, a girls' travelling basketball team, will be in Eldorado Friday, March 22, and play the Eldorado Merchants in a benefit game.

The game is being sponsored by Xi Alpha Lambda chapter of the Beta Sigma Phi sorority of Eldorado and all local profits will go to the Eldorado Art Center Disaster Fund. The art center building was destroyed by fire a short time ago and plans are now being made to construct a new building and various fund-raising projects are being used. This is one.

The Red Heads feature Shelia Johnson, 6-5, 190 pound center. Reports say "Have no fear. This big gal will handle her assignments and make it plenty tough on the opposing male player."

Only three undefeated teams have survived the tournament trail to the Illinois high school state championship. They were Taylorville, which captured 45 straight in 1944; Mt. Vernon, which won 33 in a row in 1950; LaGrange, which had 29 straight in 1953.

Some other state tournament records: Only four-time winner of the state title—Mt. Vernon in 1920, 1949, 1950 and 1954; three-time winners of state titles—Rockford High School (1911, 1919 and 1939); Centralia (1918, 1922 and 1942); Decatur (1931, 1936 and 1945); Freeport (1915, 1926 and 1951).

Received a letter yesterday from Jim Miller, former Carrier Mills high school cager, now living in Pontiac, Mich. He stated that the Harlem Globe Trotters with Oliver Rollins played in Pontiac a few nights ago and more than 50 Pontiac residents, formerly from Saline county, went out to greet Big Ollie. "He sure was surprised to see so many home folks," said Miller.

Miller and Rollins were teammates at Carrier Mills only a couple of years ago.

Play Tonight in Second Semifinal; Carrier Mills Meets Eldorado

Locals Win, 56-50, From McLeansboro; Equality Loses

Playing without substitution, the Harrisburg Bull Dogs battled their way last night into the semifinals of the Norris City Regional basketball tournament by eliminating McLeansboro, 56 to 50.

The Bull Dogs will meet the host school Cardinals, who knocked off Equality, 75 to 55, last night in the second game on tonight's semi-final card.

First tilt tonight will be at seven o'clock between the two Tuesday night winners, Carrier Mills and Eldorado, followed by Harrisburg-Norris City at 8:30. A single final game for the championship, between tonight's winners, will be staged tomorrow evening at eight o'clock. Doors will open for the title tilt at 6:45 p. m.

In the Harrisburg-McLeansboro nightcap, the Bull Dogs had to play a fine ball game to beat a good McLeansboro outfit.

Locals Shoot .454

The locals took the lead at 5-4 and held it all the way through the game, most of the time by a fairly comfortable margin. However in the last quarter the Bull Dog attack went stale and the Foxes narrowed the gap but could not reach the locals.

Harrisburg shot a neat 454 in winning, connecting on 20 out of 44 from the field, and McLeansboro's 403, on 21 out of 52, was good enough to win a lot of games.

The locals built up their fine shooting percentage in the first three quarters, hitting on 6 out of 11 the first quarter, five out of nine the second and six out of 13 the third before falling to three out of 11 the final frame.

With all the boys getting in on the scoring Harrisburg pulled out to a 20-12 lead the first quarter and ran the margin to 30-22 the second period before the Foxes got the last two baskets of the half to make the count 30-26. The locals outscored McLeansboro 16-9 the third period to make the 46-35 count at the end of the frame look pretty good. But it was hard for Harrisburg to buy a basket the last quarter and the Bull Dogs were outscored, 15 to 10.

Norris City Pulls Away

Wayne Stone and Ray Hassett, who have been on the injured list, played well for the locals with Stone high for the game with 19 points, Roger Sloan, fine Fox center, was second with 18.

The first contest, between Norris City and Equality, was closer than the score indicates. Although Norris City led, 20-14, at the quarter, Equality narrowed the count to 32-28 at halftime and took the lead briefly in the third quarter when the Gallatin county boys went ahead 36-35.

However, Norris City moved to

a 50-44 lead at the end of this frame and in the last quarter outscored the opposition 25 to 11.

Norris City had the smoother attack but Bernie Emery and Terry Glover of Equality were pouring in a lot of baskets, Emery winding up with 21 points and Glover with 16.

But the high scorer was Norris City's fine center, McCormick, who put 28 points through the hoop as he broke away from his defense under the basket to score repeatedly. Greathouse, little sophomore, also was good with his outside shooting.

Norris City shot .420 and Equality .370.

A large gathering was on hand from Harrisburg and the big gym was comfortably filled.

Kansas Wins Berth in NCAA; Bradley to NIT

By United Press
Kansas, the nation's No. 2 basketball team, rode the sky-high shoulders of Wilt (The Stilt) Chamberlain into a berth in the NCAA tournament today and tonight North Carolina, the No. 1 team, opens its bid for a similar berth.

Utah and Bradley, meanwhile, accepted bids to the National Invitation Tournament — completing the 12-team field for that carnival starting in New York's Madison Square Garden, March 16.

Kansas landed its spot in the NCAA when it clinched the Big Seven Conference championship Wednesday night with a 64-57 triumph over runner-up Kansas State as Chamberlain, just named to the United Press All-America team, led the way with 24 points. The win gave Kansas a 10-1 league record with only one game left to play.

Jayhawks Meet SMU
It also sets up what should be one of the season's very best matches—Kansas (No. 2) against Southern Methodist, the No. 4 team, in an NCAA tourney game at Dallas, March 15.

Kansas was the 20th team to gain an NCAA berth. The three remaining berths are reserved for the champions of the Ivy League, Atlantic Coast Conference, and Southern Conference.

Yale clinched at least a tie for the Ivy League crown Wednesday night by beating Pennsylvania, 60-54, as Larry Downs set the pace with 21 points and Ed Robinson added 12 points and 21 rebounds.

North Carolina, with a 24-0 record, won the regular-season ACC championship but must win the league tourney starting tonight at Raleigh, N. C., to gain an NCAA berth. The heavily-favored Tar Heels face Clemson (7-16) in their first-round game. Other first-rounders are Duke-South Carolina, Maryland-Virginia, and North Carolina State-Wake Forest.

Archie Dees Wins Big 10 Individual Scoring Title

CHICAGO (UPI) — Archie Dees, center of Indiana's Big Ten co-champions, won the conference individual basketball scoring title with an average of 25.4 points per game, official statistics showed today.

Teammate Dick Neal was the only record-breaker for the season, too, hitting on 51.2 per cent of his field goal attempts for a new mark. Neal finished 10th in scoring with an average of 15.6 points per game.

Michigan State, also co-champions, was the league's best defensive team, allowing its opponents only 9.47 points, while Illinois was the leader in scoring with 11.80 points and Indiana was second with 11.16.

Conference coaches will meet Sunday to prepare 1958 and 1959 Big Ten schedules. Each team will play 14 conference games, against 5 teams on a home and home basis and 4 foes once each.

State Claims Wife Planned Mate's Murder

MARION, Ill. — The state claimed at the murder trial of a 30-year-old mother of two today that she planned the murder of her husband for about a month before he was slain.

State's Atty. Carl Sneed made the claim in his opening statement in the Williamson County Circuit Court trial of Mrs. Ouida Cannon.

Mrs. Cannon is charged with murder in the shotgun slaying of her husband, Raymond Lee Cannon, 31, last Aug. 31 as he slept at their rural home about 10 miles southwest of Marion.

It was learned that the defense, which delayed its opening statement, has brought a psychiatrist here as a possible witness. The defense said it will contend that Mrs. Cannon was temporarily insane at the time of the slaying.

Sneed said that the state would show that the defendant bought

Poland Asks U. S. For Surplus Food

The United States made no immediate response. But U. S. officials are known to be sympathetic to the idea of helping Poland get limited amounts of surplus agricultural products.

shotgun shells in Herrin the day before the slaying.

Sneed said that in her confession, Mrs. Cannon said her husband was jealous of her, "accused me of familiarity with other men" and had slapped her in their car the day before the killing.

"This woman made up her mind to kill her husband last July because of threats or acts of cruelty," Sneed told the all-male jury of 12 and 2 alternate jurors.

The state's attorney said that in her confession, Mrs. Cannon said she took her two children to the car before returning to the house and slaying her husband. Then she drove to Marion and confessed the killing to authorities, Sneed said.

Must Slow Spending, Eisenhower Says

(Continued from Page One)

at the start of his conference that the cost of living has continued to rise for several months and that the Bureau of Labor Statistics anticipates further price increases. He was asked what, if anything, he plans to do to curb the cost of living. The President said this steady increase was one important reason why he had directed a review of the entire budget, even before the 1958 budget went to Congress in January.

He said he does not believe in abandoning any project now included in the budget which the United States requires for its welfare and good.

But he added that it might be possible to vary the speed and thus slow up federal spending to lighten the pressure on the national economy.

Some congressional authorities have said that the foreign aid section offers the only chance for a substantial budget reduction. The President rejected this suggestion flatly. He said he does not think foreign aid can be cut if this country is to maintain world conditions that are necessary to peace, security and the development of the free nations.

The President attributed the continuing increase in the cost of living to the fact that, in any period of great prosperity, everybody is contending for dollars and materials.

Gambler Cited For Contempt By Senate Group

WASHINGTON — Senate investigators were told today that a Portland, Ore., gambler gave a \$500 pay-off to Sheriff—now Mayor—Terry D. Schunk. They slapped an immediate contempt citation on the gambler for refusing to testify on the incident.

In rapid-fire developments before the special committee investigating labor-management racketeering:

—Self-confessed racketeer James B. Elkins testified that Clifford O. (Jimmy) Bennett, his partner in Portland's 8212 Club, reported that he made the \$500 payment to Schunk when the sheriff threatened to arrest all club customers on a raid.

—Bennett, in one of the most stubborn refusals seen recently before a congressional committee, refused to answer all questions about the incident. Resolving itself into an immediate open-door "executive" session, the committee voted to cite him for contempt of Congress by a 6-0 roll call vote.

—Then three witnesses to the incident at the club testified they saw something pass between Schunk and Bennett. Two city policemen and an unemployed bartender said they saw Bennett talk with Schunk, re-enter the club, return and place something behind a telephone pole across the street. Schunk, they said, retrieved what was placed there.

Nixon Visits Liberia, Founded By Freed Slaves

MONROVIA, Liberia — Vice President Richard M. Nixon today began a three-day visit to the Negro republic founded 110 years ago by freed American slaves.

He came from Ghana, Africa's newest Negro nation, to its oldest to pay homage to the surest friends the United States has on the "Dark Continent."

Wednesday Nixon witnessed the transformation of the British Gold Coast into independent Ghana. Friday he will pay tribute to the American Negro pioneers who fathered the republic of Liberia.

A government delegation, headed by Vice President William R. Tolman, greeted Nixon and his wife at the U. S.-built airport 45 miles from Monrovia, the capital. From the airport, Nixon drove to Monrovia where he received the keys from the city when Mayor Nathan Ross and signed a golden guest book.

The vice president was to meet President William Tubman and the Liberian cabinet at the executive mansion and be guest of honor.

keeper told him after the raid that \$500 was missing from the \$1,500 regularly advanced as "bankroll" for the club's gambling operations. He said he does not believe Bennett pocketed the money.

Bennett, a slick-haired youngish man, told the committee little other than that he now lives in Great Falls, Mont. He did not even state the grounds for his refusal to testify, although Chairman John L. McClellan (D-Ark.) referred to the constitutional protection of the Fifth Amendment.

Before he leaves Saturday, Nixon will present a 40-foot diesel patrol craft to the Liberian navy which up to now has consisted only of Tubman's yacht.

One Killed, Three Hurt in Crash Of Private Plane

GRANT PARK, Ill. — A Sherman Oaks, Calif., man was killed and three persons were injured Wednesday night when a private plane smashed into a cornfield while attempting an emergency landing.

The victim was identified as George A. Stevens, 39. Taken to St. James Hospital in nearby Chi-

cago Heights were Herman A. Rensing, 48, Santa Maria, Calif.; Vernon E. Hux, 29, the pilot, and Dr. Gail Hawley, 35, a veterinarian, both of Terre Haute, Ind.

The plane crashed on a farm owned by Henry Bohls of rural Grant Park, near Kankakee. Authorities said the plane came in low for an apparent emergency landing in the field when it hit a fence and overturned. The plane did not burn.
